PROFESSIONAL SUMMARY

Front-end developer with real-world projects built in HTML, CSS and JavaScript, currently deepening React, TypeScript and Node.js through a Full Stack programme. Former business owner with 8 years running my own gardening company, bringing strong client communication, reliability and self-management. Currently working as a freelance front-end developer and digital consultant.

TECHNICAL SKILLS

Proficient: HTML5, CSS3, JavaScript (ES6+), Git & GitHub, Responsive Design
Familiar / Learning: React, TypeScript, Node.js, SQL, Firebase (Auth & Firestore), Flutter
Tools & Other: VS Code, Figma, npm, Chart.js, LocalStorage, REST API Integration, SEO Basics

PROJECTS

CoffeeFlow — coffeeflowapp.netlify.app
- Built a cash control app for our family coffee business, used in real life to track income and expenses, with interactive charts (Chart.js), categories, dark mode and data backup (HTML, CSS, JavaScript).

Space Login (Client Project) — github.com/WennerNunes/Space-login-Project
- Delivered a login and registration system for a paying client, with form validation, password visibility toggle and a responsive UI. Code published with client approval.

Household Budget Organizer — github.com/WennerNunes/Household-Budget-Organizer
- Developed a personal finance web app to plan monthly budgets and track expenses, with interactive spending charts (Chart.js) and persistent data via LocalStorage.

Compound Interest Calculator — github.com/WennerNunes/compound-interest-calculator
- Built an interactive calculator for UK users, using JavaScript for real-time calculations and a mobile-first responsive layout.

Personal Portfolio — [PORTFOLIO LINK]
- Designed and built a themed, responsive portfolio with project modals, keyboard accessibility and scroll animations (HTML, CSS, JavaScript).

PROFESSIONAL EXPERIENCE

Freelance Front-End Developer & Digital Consultant
2025 – Present
- Built and delivered a login and registration system for a paying client (HTML, CSS, JavaScript).
- Supported All About Nata, a local Portuguese café in South Oxhey, with SEO improvements, market research and digital marketing, helping strengthen its online presence.

Self-Employed Gardener (Business Owner) — Rickmansworth, UK
2017 – 2025
- Independently managed a client base end-to-end, from scheduling to service delivery, building long-term relationships through clear communication and reliable work.
- Planned and prioritised a full workload independently, developing organisational and time-management skills directly transferable to project and client-facing work in tech.

EDUCATION & TRAINING

- **Full Stack Development** — Sujeito Programador, Ongoing (online)
- **JavaScript Fundamentals** — Udemy
- **Bachelor's Degree in History** — Federal University of Espírito Santo (UFES), Brazil
